New Digital Reports

Digital Reports provides a straightforward and reliable online service that makes company information easy to access and read for anyone interested, such as investors and analysts. Maximize reader engagement by allowing flexible reading options: night mode, accessibility mode, and device compatibility.

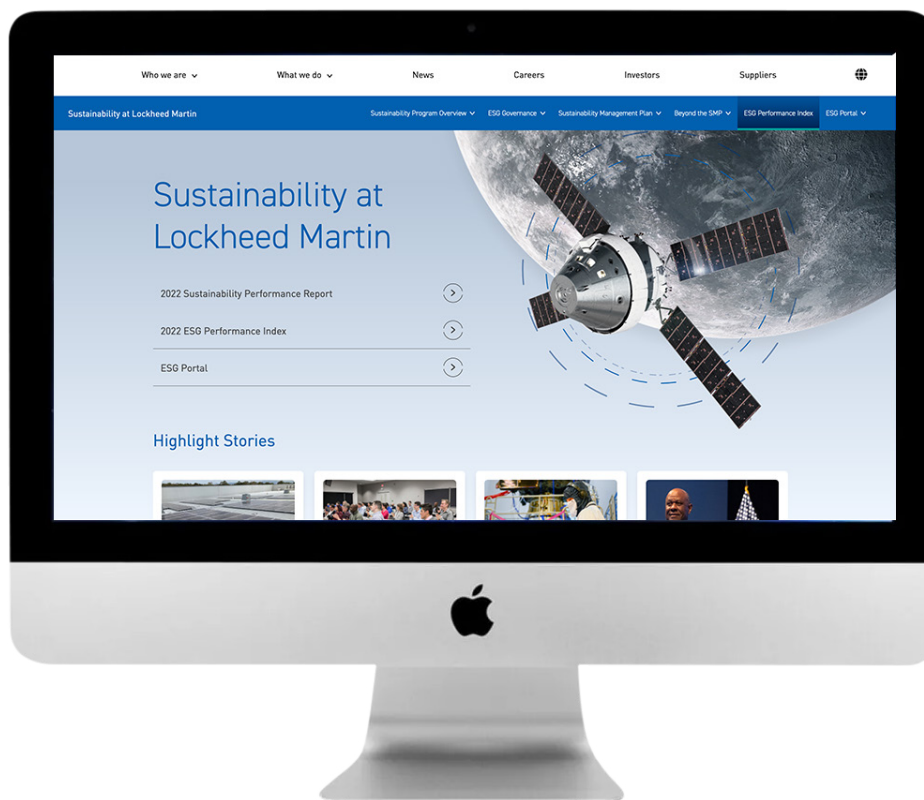

- **Dual reader mode:** Switch seamlessly between standard PDF and enhanced view to suit various reading preferences.
- **Optimize your content vs. your competitors through analytics:** improve your content by understanding where exactly your readers focus their attention within your documents and compare against other competitors who use our service.
- **Simple Document Management:** Accelerate a reader's search within your content with our enhanced search feature.
- **Document security:** Store your documents in one secure and protected location.
- **Seamless e-reader navigation:** Facilitate work on-the-go on mobile with a simplified digital format for focused content engagement.
- **Multi-format data export:** Allow readers to easily export data and integrate it into their financial models or presentations.
- **Increase reader inclusivity:** Facilitate the reader experience with increased accessibility: larger text, high contrast, and support for dyslexia.

Custom Website

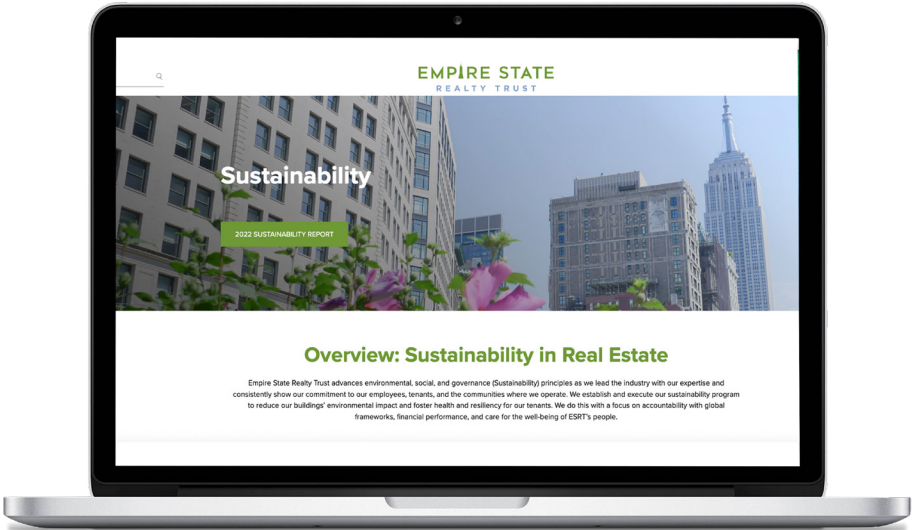

Custom websites promote higher reader engagement by simplifying complex regulated information into bite-size insights and figures. This dedicated reader space makes it easier for your audience to focus on your company's mission and performance, especially with ESG reports.

- **User-Friendly Design:** Our designs combine functionality with interactivity, making it easy for users to capture the most important information in a visually compelling way.
- **Consistent Branding:** Flexible customization allows for your content to maintain the same visual cues as the brand.
- **Analytics for optimization:** Feedback reports include analytics such as read time, clicks, and downloads will help you optimize key information for increased reader engagement.
